

We are deeply saddened by the loss of our dear colleague Donald Fraser. On behalf of the Canadian Mathematical Society, we express our sincere condolences to Nancy Reid, Ailana Fraser and Andrea Fraser. We are thinking of them in these difficult times and remembering Don as a valuable member of the community, a special colleague, and a friend. Don will be greatly missed, but his kindness, dedication to the scientific society, warmth and gentle spirit will be remembered forever.

Dr. Javad Mashreghi, President of the Canadian Mathematical Society
